20-23 APRIL, 2010, TAIPEI, TAIWAN

"Sustainable Development in the 21st Century"

WELCOME
TO

Taiwan

HOSTED BY

ORGANISED BY

International Federation of Asian
& Western Pacific Contractors'
Associations (IFAWPCA)

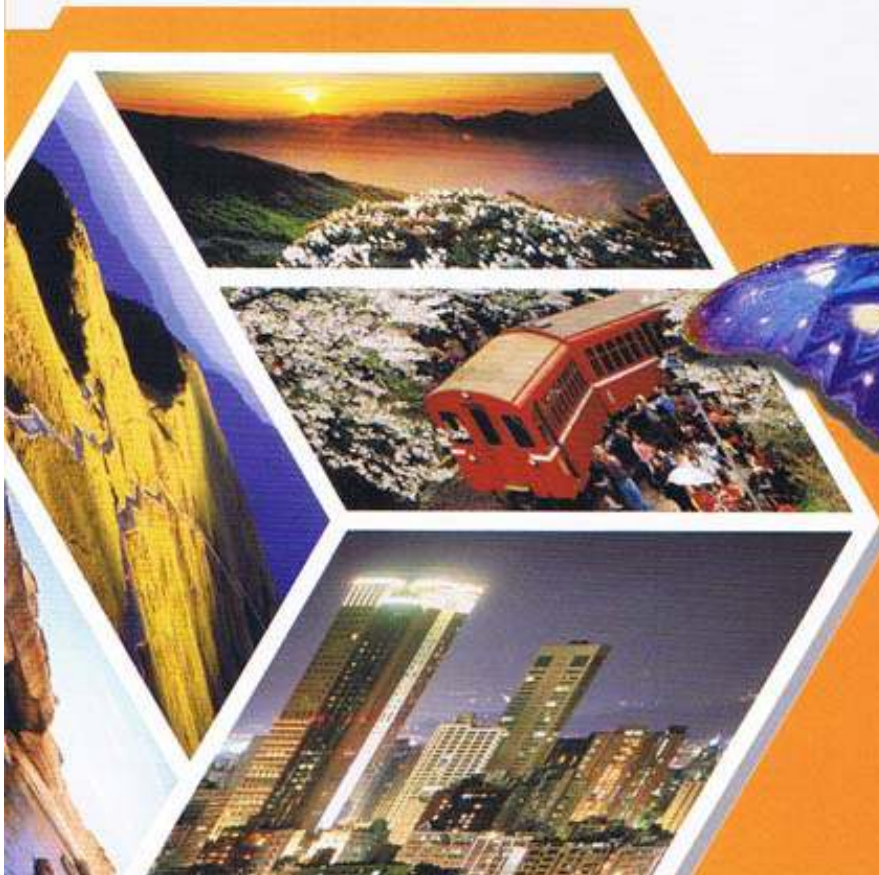

WELCOME TO Taiwan

Formosa - The Beautiful Island

Taiwan is a repository of captivating natural sceneries, such as the awe-inspiring Taroko Gorge; the National Palace Museum; Taipei 101, the tallest building of Taiwan; and Yushan (Jade Mountain), the highest mountain in Northeast Asia. Moreover, the 24-hour bookstores, convenience stores, and the bustling night markets showcase the life of convenience in Taiwan.

Taiwan is also a paradise for gourmets to taste the variety of delicious cuisines-scrumptious Taiwanese delicacies, robust Hakka dishes, flavorful Chinese cuisines, and unique aboriginal foods-found everywhere from the local flavors in the night markets to the exquisite fine dining in the five-star hotels.

The beautiful island of Taiwan is a place that tourists will not want to miss. Welcome to Taiwan and have a wonderful trip!

Messages

As global markets put their hopes in government stimulus plans, particularly in infrastructure investment, the 38th IFAWPCA Convention to be held in Taiwan will be meaningful and fruitful.

For decades, IFAWPCA Conventions have been important occasions for the exchange of information and business in the construction industry. As the host of the 38th IFAWPCA Convention, we have prepared comprehensive programs and enjoyable social activities for one ultimate purpose, to renew old friendships and to establish new ones. As we come together, we welcome all delegates to explore and learn more about all that our beautiful island of Taiwan has to offer.

Chung-Jung Pan

*Chairman, 38th IFAWPCA Convention Organizing Committee
President, Taiwan General Contractors Association*

It is truly our honor to invite you and your family to attend the 38th IFAWPCA Convention to be held in Taipei, Taiwan on 20-23 April, 2010.

Facing global economic challenges and fast-paced technological innovations, IFAWPCA fellow members are striving to create more value to strengthen capability and influence in the construction industry and to build sustainable development in the 21st century. 22 years after hosting the last convention, the Taiwan General Contractors Association has put our greatest efforts towards creating a momentous event. We welcome delegates and accompanying persons and truly hope you enjoy your stay in Taiwan.

Hwang-Ming Chen

President, IFAWPCA
